

SYEDA MISHAA

Software Engineering Student | Aspiring Full Stack Web Developer

Karachi, Pakistan | syedamishal2006@email.com | linkedin.com/in/syeda-mishaa | github.com/syedamishaa

PROFESSIONAL SUMMARY

Motivated Software Engineering student with a strong foundation in full-stack web development technologies including HTML5, CSS3, JavaScript, PHP, MySQL, Git, and GitHub. Passionate about building responsive, user-centered web applications and continuously expanding technical expertise. Demonstrated ability to independently design, develop, and deploy complete web projects, with a growing interest in Artificial Intelligence integration. Actively seeking an internship or entry-level opportunity to apply technical skills, contribute to real-world software projects, and grow within a professional engineering environment.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, Responsive Web Design

Backend: PHP

Database: MySQL, SQL, Database Management Systems

Tools: Git, GitHub, VS Code, Command Line Interface

Concepts: Responsive Web Design, Software Engineering Fundamentals, Problem Solving.

PROJECTS

Aesthetic Gaming Website

HTML5 | CSS3 | JavaScript | Bootstrap |

- Designed and developed a fully responsive, visually immersive gaming website with multi-section layout and custom navigation, strengthening front-end development skills across a complete project lifecycle.
- Implemented mobile-first responsive design using Bootstrap 5 grid system and CSS Flexbox, ensuring seamless cross-device compatibility across desktop, tablet, and mobile viewports.
- Engineered custom CSS animations and hover micro-interactions, improving user engagement and enriching the overall user experience.
- Resolved layout inconsistencies across multiple screen breakpoints, reinforcing systematic debugging and problem-solving proficiency.

Nobel Prize Website

HTML5 | CSS3 | JavaScript | Bootstrap |

- Built a content-rich, fully responsive informational website featuring structured data presentation, clear typographic hierarchy, and accessible, user-friendly design patterns.
- Architected multi-section content layouts using semantic HTML5 elements and Bootstrap components to maximize readability, navigability, and content discoverability.
- Ensured consistent cross-device rendering and layout stability across all major screen sizes and browsers.

EDUCATION

Diploma in Software Engineering

2026 – Present

Aptech — Karachi, Pakistan

Relevant Coursework: Web Development, Database Systems, Software Engineering Principles, Programming Fundamentals, Data Structures, Algorithms

Intermediate Education (Pre-Engineering)

Completed 2025

Karachi, Pakistan

PROJECTS & SELF-LEARNING EXPERIENCE

Independent Web Developer

2026 – Present

Self-Directed Learning & Personal Projects — Karachi, Pakistan

- Completed 2+ independent front-end web development projects from concept to deployment, applying HTML5, CSS3, JavaScript, Bootstrap across the full development cycle.

- ❑ Maintained version-controlled project repositories on GitHub, practising disciplined branching, commit management, and technical documentation best practices.
- ❑ Studied and applied software engineering best practices including separation of concerns, DRY principles, and modular code architecture through self-directed learning.
- ❑ Researched and implemented responsive design patterns, accessibility standards, and modern UI/UX methodologies across all personal development projects.
- ❑ Engaged with developer communities on LinkedIn and GitHub to stay current with industry trends, frameworks, and best practices in web development and AI integration.

ADDITIONAL INFORMATION

- ❑ Open to Software Engineering internships and entry-level Web Developer and Front-End Developer roles.
- ❑ Fast learner with a growth mindset; adept at independently acquiring new technologies and frameworks.
- ❑ Strong attention to detail with a commitment to clean, maintainable, and well-documented code.
- ❑ Passionate about the intersection of web development and Artificial Intelligence.
- ❑ Available immediately; open to remote and on-site opportunities in Pakistan.
